It was in the Russian group that Mr. Denghensen perhaps excelled, however. A lovely, languorous song by Rubinstein, Not by Angels was given, then a most dramatic, wonderfully sung song by Borodine, Song of the dark forest, followed by another by the same composer. The Sleeping Princess, an exquuisite fairy-like melody. Two songs by Moussorgshi closed the programme, a wistful, tender cradle song and the fiery, barbaric Slege of Kazan which was given with all its native vigon and passion.

It Puts Hair on Your Head and Helps

to Keep it There.

What's the use of being baid? What sense is there in deliberately allowing your hair to turn gray? These conditions come mostly from neglect, but the frequent application to the hair and scalp of a little of the real Parisian Sage will prevent baldness and grayness in nearly every interest.

For the police commissioners Alderman William H. Allen reported on petitions for lights as follows:

The new lights on Laurel Hill avenue have made it necessary to place an extra light on the bridge.

The petition for a bug light on Williams street at the corner of Linden parkway has been granted, has been ordered installed and is now in use.

The petition for changing lights on North Main street near the Belt Company is refused because of the expense that would be involved.

The petition for a light in the alley near Rockwell street can hardly be granted as it is not a public street.

The commissioners think a new light is needed on Boswell avenue near Hickory street as the old one is almost useless. Most people take good care of their teeth, but sadly neglect their hair. They are equally important. Look after your hair. Parisian Sage is a scientific preparation that supplies hair needs—it's just what you want. It prevents grayness and baldness by putting life and nourishment into the hair roots.

Man or woman, no matter how old

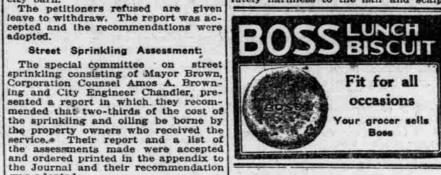

Man or woman, no matter how old you are, Parisian Sage will help you to look younger and more attractive. Why not go to Lee & Osgood Co. Hickory street as the old one is almost useless.

The commissioners recommended a new bug light on Forest street at the location indicated in the petition.

They favored the petition asking the changing of a lamp on Broadway so that it will shine into Huntington court.

The light on Chestnut street near Broadway church should be changed so as to shine into the lane behind the city barn.
